

Does your parish have one...?

Parish Evangelization Teams (P.E.T.s) are forming across the Archdiocese helping parishes increasingly become *evangelized and evangelizing communities of faith* where Catholics become *everyday evangelized evangelizers* in their personal and parish lives.

Attend a Parish Evangelization Team Workshop this fall!

Archbishop José H. Gomez stated in *You Will Be My Witnesses: A Pastoral Letter to the People of God of San Antonio On the Christian Mission to Evangelize and Proclaim Jesus Christ*:

"I am very enthusiastic about the growth of evangelization teams in parishes throughout our Archdiocese. This is just the kind of pastoral initiative we need! The parish exists in order to spread the Good News.

I call upon pastors and parish leaders, in cooperation with our Office for Evangelization, to become even more committed to equipping parishioners to defend their faith and to give account for the hope that is in them. Our people must know their faith well... and they must know the urgency of the duty to evangelize." (No. 16)

Help make your parish an *evangelized and evangelizing community of faith!*
