CYO Covid-19 Risk Mitigation Guidelines

The following guidance related to CYO Ministry activities, based on the public health situation as we understand it today, applies to the 2020 CYO Fall Sports Season and are to be followed by all participating CYO programs and hosting facilities in order to be eligible to have an active Fall CYO program, facilitate practices and host games. This guidance is effective **August 18, 2020**. Changes to the public health situation may necessitate changes to this guidance.

Currently, the State of Texas is under Executive Order GA-29 (<https://open.texas.gov/>). Both Open Texas Checklist for Youth Sports Operators and Your Sports Families will be followed. The City of San Antonio and Bexar County have jointly issued the **Seventh** Addendum to 8th Declaration of Public Health Emergency Regarding Covid-19 (<https://covid19.sanantonio.gov/About-COVID-19/Declarations-Orders>). Recreational Youth Sports Programs are permitted to exceed current gathering limits provided that additional safety protocols are followed as outlined in the order. CYO will require symptom signage, temperature check/screening and face covering for all that attend a CYO event as so ordered.

The Catholic Youth Organization appreciate and respect the decision of all of our participating partners in reference to CYO involvement this Fall. We will continue to do everything reasonability possible to mitigate the risk of transmission of Covid-19. This Fall, in addition to State and Local government mandates CYO will require all programs and host facilities to comply with the following *CYO Risk Covid Mitigation Guidelines*:
